

3 November 1977

MEMORANDUM FOR: General Counsel
Legislative Counsel

FROM : Cord Meyer, Jr., SA/DDCI

SUBJECT : Senator Ribicoff's Omnibus Anti-Terrorism Act
of 1977

As I mentioned to you on the phone, at a meeting of the Executive Committee on Terrorism at the State Department yesterday, we were given the attached bill proposed by Senator Ribicoff and there was a preliminary discussion of it. Ambassador Isham, State Department Director for Combatting Terrorism, will have to appear at a preliminary hearing on the bill before the Senate Government Affairs Committee on 11 November. He has requested informal comment from the agencies and departments affected by 9 November. A quick review would indicate to me that the CIA is not directly affected by the language in this bill and Ambassador Isham understands that if we are not affected we need submit no comment. Therefore, I would appreciate it if you would review the bill and let me know by 9 November what comment, if any, we should forward to Isham.
